

Technical Data Sheet

Galtec Toilet Cleaner & Descaler

GENERAL DESCRIPTION:

TOILET CLEANER AND DESCALER is a pleasantly scented phosphoric acid based cleaner for use on toilets, urinals, shower trays etc. It is a gel and this allows the product to cling to the surface under treatment while the active ingredient attacks grime and limescale. It can also be used after cleaning to protect these surfaces from renewed build up of limescale.

DIRECTIONS FOR USE:

Apply neat and leave in contact with surface for up to 10 minutes. Agitate surface with plastic bristled brush and then rinse with clean water. The product is formulated for use on stainless steel toilets. However, the product should be tested on a small section of any surface prior to use.

PRODUCT INFORMATION:

Appearance	:	A clear blue gel
Density	:	1.09 kg/l
Odour	:	Mild
pH (Typical)	:	1.5 – 2.5

HANDLING AND SAFETY:

Please refer to product Material Safety Data Sheet.

SIZES:

TOILET CLEANER AND DESCALER is supplied in 12x750ml cases and 20 litre containers.

USE OF THIS TECHNICAL DATA SHEET

This Technical Data Sheet complements and should be used in conjunction with the appropriate Safety Data Sheet. The information and recommendations given above are, to the best of the company's knowledge and belief, accurate and reliable as of the date issued, but are offered without guarantee or warranty and do not form part of any specification, except where otherwise stated. They are given solely for guidance in appropriate handling and use of the material. They relate to the specific material designated and may not be valid for such material used in combination with any other material or in any process. Conditions of use of the material are under the control of the user, therefore it is the user's responsibility to satisfy himself as to the suitability of the material, and the suitability and completeness of this information, for his own particular use.
